

What is Successful Connections?

Successful Connections provides support for pregnant women & families of new babies with community resources that can make them more successful parents. It offers families one-on-one visits to determine their specific needs, & then connects families with agencies offering support services. Expectant parents & families with children ages birth to 5 years old who reside in Shawnee County are able to access the Successful Connections program free of charge.

When families are provided access to community programs & resources, they are better able to provide safe, stable & nurturing relationships.

Would you like to receive our “Parenting Tip of the Month” email?
Sign up by emailing your name & the county that you live in to info@east.ks.childcareaware.org. Be sure to state that you would like to receive the “Parenting Tip” emails.
